

COPLEYS SOLICITORS CONTINUE SUPPORT **FOR HUNTINGDON SWIMMING CLUB**

Copleys solicitors based in Huntingdon and St Ives are pleased to continue their association with Huntingdon and District Swimming Club. Huntingdon Piranhas, as the club is known, has been operating from Huntingdon for over 70 years.

Copleys became a sponsorship partner of the club in 1999 and the intervening ten years has seen the club go from strength to strength. Marking the 10 year anniversary of the association between the club and the solicitors' practice Mike Trippitt, marketing partner at Copleys said:

“We have been pleased to work with Huntingdon Piranhas for a decade and the benefits of our involvement and the fruits of the dedication of the swimmers and coaches are plain to see. We never fail to be impressed by the effort and commitment of young swimmers whose personal performances continue to improve year on year. In the ten years of our association we have seen teenage swimmers develop into fine adult athletes”

Copleys Solicitors, who provide a range of legal service to the local community have invested over £16,000 in the swimming club during the last ten years helping to provide tracksuits, improve transport arrangements and state-of-the-art time recording equipment. Although Copleys are no longer the club Title sponsor the association continues with support for the club's annual junior Gala held each May. Mr Trippitt said:

“The Copleys Cup is an event for novice youngster new to competition. The drive and a desire to achieve that are learned in the pool at an early age often stand us in good stead in adult and business life. At Copleys our business succeeds and prospers as a result of the commitment and dedication we have to providing high quality service to our clients.”

He concluded. “We wish the club another successful year and look back with admiration on what it has achieved in the last ten years”.

Notes to Editor
